Landing page

login

A hand-drawn sketch of a mobile application login screen. The screen is enclosed in a rounded rectangle with a thin border. At the top, there is a status bar with a small square icon and a rectangular notch. Below the status bar is a header bar with the word "Label" on the left and a hamburger menu icon (three horizontal lines) on the right. The main content area is white and contains a large black circle in the center. Below the circle is a light gray rectangular box with a thin border. Inside this box, the word "Login" is centered at the top. Below "Login" are two input fields: the first is labeled "Username" and the second is labeled "Password". Below the input fields is a checkbox with a checkmark inside, followed by the text "Remember me". To the right of the checkbox is a dark gray button with the text "Sign in". Below the "Remember me" checkbox and "Sign in" button are two more buttons: a blue button with a white Facebook "f" logo and the text "Sign in with facebook", and a blue button with a white Google "G" logo and the text "Sign in with Google". At the bottom of the screen, there is a thin horizontal bar.
